Parent & Family Support Advisor

Advice and support for parents, carers and young people around issues and situations affecting school attendance, emotional well-being, behaviour and family life.

What is a Parent and Family Support Advisor?

What do they do?

How can they help me?

As a PFSA for Tone Valley Partnership I provide support to families experiencing difficulties that have an impact on their child's wellbeing and/or their education.

Parents and carers are welcome to contact me directly or speak to a member of their child's school team, who will make a referral if it is appropriate.

I am available to meet with parents and carers in school, in their homes or even a café (always working within current Covid guidelines)

Some families will see me in a number of different places.
